EDUCATION

428 - Saraswathy College of Arts and Science

Villupuram, TamilNadu, India

Bachelor of Science in Computer Science : GPA : 7.9

April 2021 - April 2023

SKILLS SUMMARY

- **Languages** : JAVA, SQL , HTML, CSS, JavaScript, jQuery
- **Frontend** : React.js, AJAX, JSON
- **Backend** : Java Servlets, JSP,
- **Database** : MySQL, JDBC
- **Frameworks** : Spring Boot, Hibernate / JPA, Spring MVC , Bootstrap
- **Tools & IDEs** : Eclipse, Visual Studio Code, Git, Maven
- **Servers** : Apache Tomcat

WORK EXPERIENCE

JAVA FULL STACK INTERN, INMAKES INFOTECH PVT LTD

Jan 2025 - Present

- Assisting in the development of full-stack web applications using Java, Spring Boot, React, and MySQL.
- Writing efficient backend logic and managing database operations using JPA/Hibernate.
- Supporting database design, writing SQL queries, and performing CRUD operations.
- Writing clean, maintainable code and participating in code reviews.

PROJECTS

MYPORTFOLIO PROJECT | [LINK](#)

- Developed a responsive static website with React.js, incorporating scroll-based animations, smooth transitions, and interactive UI effects to create an engaging user experience.
- The website features a fully responsive design, optimized for desktops, tablets, and mobile devices using CSS Flexbox/Grid and media queries.

SHOPING CART PROJECT | [LINK](#)

- Developed a feature-rich React Hooks (useState, useEffect, useContext) to manage component logic and side effects efficiently..
- Applied React Router for smooth navigation, and optimized performance by managing context separation to prevent unnecessary re-renders.
- Responsive and user-friendly interface, aligning with modern web development standards.

CRUD APPLICATION - Cultural Festival Management System

- Developed a web-based CRUD application to manage cultural festivals, allowing users to create, read, update, and delete festival records.
- Designed and implemented server-side logic using Java Servlets and JDBC for database interaction. Technologies: Java, Servlets, JDBC, MySQL, HTML/CSS

CERTIFICATES

JAVA FULL STACK (Login360 Training Institute) | [CERTIFICATE](#)

Aug 2023 - Mar 2024

- Gained in-depth knowledge and practical experience in core Java, Java EE, JDBC, Servlets as well as front-end technologies like HTML, CSS, JavaScript, Bootstrap, and React.
- Developed real-time projects and applications, enhancing both technical proficiency and collaborative development skills.
